7) **COMMANDING OFFICER'S REMARKS**

With the first month under our belt, we have stepped off on the right (left) foot. September is one of, if not the, busiest month and I would like to thank everyone for making the enrollment process a success. On our last count, I noted over 90 registered Cadets!

Our first fundraiser is now complete, with a second one to start up. We have Camp Evergreen coming up, along with Officer training. This momentum is excellent and a sign of good things to come.

While October and November will not be as busy as September, there will still be swimming, SCUBA, and the continuation of range evenings. We intend to start citizenship and community involvement soon as well, a core pillar of the Cadets mission. Please look out for Poppy Tagging and Remembrance day information. These events allow us to be known and give back to our communities. More info will follow, but please see the Welcome Package online for dates. Max participation in these is strongly encouraged.
